Excellent sunprotection.

SWIMWEAR

UPF rating: 50
Classification: Excellent protection

Clothing intended to cover the upper
body – the minimum coverage of the
clothing should include the shoulders,
torso and at least $\frac{3}{4}$ of the upper arms.

In accordance with AS 4399:2020

This garment provides both UVA and UVB
protection from the sun.
It is considered as Category 1 Personal
Protective Equipment (PPE) under the scope of
the EU Regulation 2016/425 and is
designed, manufactured and tested in
accordance with AS 4399:2020 with a rating of
UPF 50 – Excellent protection.

The UPF rating applies only to the area of skin
covered. Protection may be reduced if the
material is wet, stretched or from the effects
of normal wear or exposure to chemicals.
For best sun protection use hats, clothing that
provides maximum skin coverage, sunglasses,
sunscreens and shade.

The UPF rating does not consider the design
of this item in relation to recommended body
coverage. Wear in combination with other sun
protective clothing that has UPF rating.
